

### Safeguarding and Welfare Requirement: Health

Where children are provided with meals, snacks and drinks they must be healthy, balanced and nutritious

## 6.6 Food hygiene

(Including procedure for reporting food poisoning)

### Policy statement

In our setting we provide and serve food for children on the following basis

- Snacks.
- Meals.
- Packed lunches.

We maintain the highest possible food hygiene standards with regard to the purchase, storage, preparation and serving of food.

We are registered as a food provider with the local authority Environmental Health Department.

### EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe		3.3 The learning environment 3.4 The wider context	

### Procedures

- The Manager understands the principles of Hazard Analysis and Critical Control Point (HACCP) as it applies to the setting. This is set out in *Safer Food Better Business*. The basis for this is risk assessment as it applies to the purchase, storage, preparation and serving of food to prevent growth of bacteria and food contamination.
- All staff follow the guidelines of *Safer Food Better Business*.
- At least one person has an in-date Food Hygiene Certificate.

- Food including packed lunches is stored at correct temperatures and is checked to ensure it is in-date and not subject to contamination by pests, rodents or mould..
- There are separate facilities for hand-washing and for washing up.
- All surfaces are clean and non-porous.
- All utensils, crockery etc are clean and stored appropriately.
- Waste food is disposed of daily.
- Cleaning materials and other dangerous materials are stored out of children's reach.
- Children do not have unsupervised access to the kitchen.
- When children take part in cooking activities, they are supervised at all times; understand the importance of hand washing and simple hygiene rules; are kept away from hot surfaces and hot water and do not have unsupervised access to electrical equipment such as blenders etc.

#### *Reporting of food poisoning*

- Food poisoning can occur for a number of reasons; not all cases of sickness or diarrhoea are as a result of food poisoning and not all cases of sickness or diarrhoea are reportable.
- Where children and/or adults have been diagnosed by a GP or hospital doctor to be suffering from food poisoning and where it seems possible that the source of the outbreak is within the setting, the manager will contact the Environmental Health Department and the Health Protection Agency, to report the outbreak and will comply with any investigation.
- We notify Ofsted as soon as reasonably practicable of any confirmed cases of food poisoning affecting two or more children looked after on the premises, and always within 14 days of the incident.

#### **Legal Framework**

- Regulation (EC) 852/2004 of the European Parliament and of the Council on the hygiene of foodstuffs

#### **Further guidance**
